PURPOSE: Amending NRO 23-18 regarding the filing of contributions and expenditures by political committees

ANALYSIS

This ordinance amends the ordinance governing political reporting by persons and political committees to the full extent permitted by state law. It eliminates the minimum expenditure threshold necessary to trigger reporting, similar to the removal of the threshold reporting requirement for candidates for elective office in O-08-49, adopted on February 24, 2009.

State statute permits to city to adopt regulations "Requiring the reporting of contributions to, and expenditures by, any candidate or political committee made for the purpose of influencing the election of any candidate for local elective office, or any person or committee for the purpose of influencing the vote on any local ballot or referendum question." RSA 47:17 XIV-b; *see also* RSA 31:19.

This does not permit the city to require persons who contribute to a candidate to file a financial disclosure. However, the city does require candidates to report the names of those persons who make contributions over the amount of \$10. *See* NRO §23-18 B.
