ORDINANCE: C-10-04

PURPOSE: Updating the responsibility for parking meter and permit matters

ENDORSER(S): Mayor Donnalee Lozeau

**COMMITTEE
ASSIGNMENT:**

FISCAL NOTE: None.

ANALYSIS

O-09-71, amended, created a new transportation department in the community development division, and reassigned the oversight and maintenance of the public parking lots, garages and meters from the traffic engineering department in the public works division to this new department. This legislation updates the language in NRO Section 320-47 regarding parking meter and reserved space fees, permits and meter bags to reflect that the Transportation Department Manager would now be the appropriate city administrator instead of the Director of Public Works.
