ANALYSIS

RSA Chapter 162-N describes areas that could qualify as "economic revitalization zones", which would give an opportunity for businesses located in that zone to qualify for business profit tax credits and business enterprise tax credits upon certain conditions. As required under the state law, this resolution petitions the commissioner of resources and economic development to designate the described area as the "Spit Brook Road Economic Revitalization Zone", thus entitling taxpayers in that zone the ability to participate in the state's economic revitalization zone tax credits program. It should also be noted that as of this date, RSA Chapter 162-N has been repealed effective July 1, 2011.
